

Using a Model of the Earth

Model of the earth when the sticker is in the dark.

What part of the day is it where the sticker is?

Night time

Model of the earth when the sticker is in the light.

What part of the day is it where the sticker is?

day time

What part of the day is it when your place on the earth is starting to face the sun? Tell why.

Morning because we are
about to see the sun.
